EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose or reasonably suggest a method of making a low-loss electromagnetic wave resonator structure, a low-loss acoustic wave resonator structure and a low-loss electronic wave resonator structure comprising a step of specifically configuring the resonator structure to reduce or eliminate radiation loss or to increase radiation loss from the resonant mode into at least one of the radiation channels, while keeping the characteristics of the near-field pattern substantially unchanged as recited in independent claims 1, 19, 21-23 and 25.

The examiner agrees with applicants' arguments on pages 9-13 in the remarks filed on June 14, 2004, and fully concurs that McLafferty, Stewart and Villeneuve references do not disclose or suggest the limitations above.

Claims 1-26 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer Doan whose telephone number is (571) 272-

2346. The examiner can normally be reached on Monday to Thursday from 6:00am to 3:30pm, second Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rodney Bovernick can be reached on (571) 272-2344. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
